Re: Certification of CPNI Filing – September 30, 2009
In EB Docket No. 06-36
EB-06-TC-060

Dear Ms. Dortch,

Transmitted herein in accordance with the Commission's REPORT AND ORDER AND FURTHER NOTICE OF PROPOSED RULEMAKING FCC 07-22 released on April 2, 2007 and effective December 8, 2007 is the customer proprietary network information (CPNI) Compliance Certificate for Data Net Systems, L.L.C. (Data Net Systems). As instructed in EB Docket No. 06-36, Paragraph 64.2009(e) of the Commission's Rules, and consistent with section 222 of the Communication and accompanying CPNI Statement. This certification and statement represent Data Net Systems' CPNI compliance activities for the year ended December 31, 2008.

Please accept our apologies for the late filing of our CPNI certification. Although the CPNI policies are currently in effect and enforced, Data Net Systems had a change in personnel that left us unaware that the CPNI certification was an annual filing.

Please contact me at (224) 764-3125 ext. 103 with any questions you might have.

Sincerely,

Michael S. Vitale
President
Data Net Systems, LLC.

Attechements

Annual 47 C.F.R. § 64.2009(e) CPNI Certification

EB Docket 06-36

Annual 64.2009(e) CPNI Certification for 2008

Date filed: October 16, 2009

Name of company covered by this certification: Data Net Systems, L.L.C.

Form 499 Filer ID: 821956

Name of signatory: Michael Vitale

Title of signatory: President

I, Michael Vitale, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. § 64.2001 *et seq.*

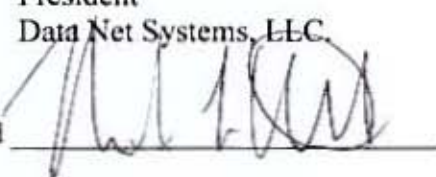

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules.

The company has not taken any actions against data brokers in the previous year. We are aware that companies must report on any information that they have with respect to the processes pretexters are using to attempt to access CPNI, and what steps companies are taking to protect CPNI.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

Sincerely,
Michael L. Vitale
President
Data Net Systems, LLC

CPNI STATEMENT

Certification of CPNI Filing – October 16, 2009

**EB Docket No. 06-36
EB-06-TC-060**

Data Net Systems, L.L.C. (Data Net Systems) has established operating procedures that ensure compliance with the regulations of the Federal Communications Commission (FCC) regarding the protection of customer proprietary network information (CPNI).

Data Net Systems has implemented internal procedures to educate and train employees about CPNI and the disclosure of CPNI. Data Net Systems has established disciplinary procedures for any employee that wrongfully discloses CPNI. Data Net Systems also ensures that vendors that have access to customer CPNI are aware of the CPNI rules.

Data Net Systems does not use CPNI without customer notification as set forth by the FCC in 47 U.S.C. §222, and 47 C.F.R §§ 64.2001 through 64.2011. Data Net Systems provides either an opt-in notice or an opt-out notice when appropriate and maintains the customer's choice. Therefore the customer's approval status can be determined prior to use of CPNI.

Data Net Systems maintains records, of their own and their affiliates', sales and marketing campaigns that use CPNI. Also, Data Net Systems maintains records each time third parties are allowed to access CPNI. These records include a description of each campaign, the specific CPNI used, and which products and services were offered. These records are retained for a period of at least one year.

Data Net Systems requires sales personnel to obtain supervisor approval of all outbound marketing requests for customer approval and maintains records of compliance for at least one year.

Data Net Systems will provide written notice within five (5) business days to the FCC for any instance where the opt-out methods do not work properly; to such a degree that the customer's inability to opt-out is more than an anomaly.

Data Net Systems will electronically notify the United States Secret Service (USSS) and the Federal Bureau of Investigations (FBI) through a central reporting facility no later than seven (7) business days after a reasonable determination of a breach of its customers' CPNI.
